

In the Specification:

Please insert new paragraphs [0015.1] and [0034.1] as shown below.

[0015.1] JAVA, JAVA TWO ENTERPRISE EDITION (J2EE), and ENTERPRISE JAVABEANS (EJB) are trademarks of Sun Microsystems, Inc. WEBLOGIC is a trademark of BEA Systems, Inc.

[0034.1] As stated above in paragraph 0034, "the terms used in this document are consistent with terminology as defined in standard texts on JAVA, ENTERPRISE JAVABEANS, WEBLOGIC Server, and other generally accepted security concepts." Terms such as Application Container, Context Information, Deployment Descriptors, J2EE Security Interface, and others are defined in the J2EE Specification (http://java.sun.com/j2ee/j2ee-1_4-fr-spec.pdf). Terms such as EJB Container are defined in the EJB Specification (<http://cp.org/aboutJava/communityprocess/final/jsr220/index.html>). Terms such as callbacks, interfaces, etc. are defined in the JAVA Tutorial (<http://java.sun.com/docs/books/tutorial/>).
